

Allowances for Advanced Imaging-MRIs and CT Scans

If you are enrolled in a Mohawk Industries Health plan, you will have an allowance for advanced imaging CT Scans and all MRIs.

So, what does this mean?

When your doctor recommends a preventive mammogram, colonoscopy, CT Scan or a general MRI, check to make sure the cost is under the allowance so that you don't have more out-of-pocket expenses.

- Use the **Garner Health app** or **visit getgarner.com**
- Call the **Referral Coordinator** at 855-566-4295
- Call the **Healthy Life Team** at 855-566-4295, option 4
- Call **Cigna at 855-566-4295** or **mycigna.com**
- You can also ask your doctor about the cost.

For MRIs and CT Scans, once you have met your deductible, Cigna will pay 80% per procedure up to the allowed amount, you will be responsible for any remaining cost.

Let's do the Math Employee Only Coverage

CT EXAMPLE AFTER DEDUCTIBLE

\$2300	Example Diagnostic Cost
-\$2000	Allowance
\$ 300	Employee Owes

MRI EXAMPLE BEFORE DEDUCTIBLE

\$2300	Example Diagnostic Cost
-\$2100	Deductible-\$2100
\$ 200	Difference (80/20)
\$ 40	Employee Owes

*ALLOWANCE:

All MRIs: \$2,300 (after deductible is met)

CT Scans: \$2,000 (after deductible is met)

**Allowances are based on national average costs for these diagnostic services*
