

Alight Total Guidance Referral Guide

Alight Total Guidance is available to UPS non-union employees eligible for a US medical plan, pre-65 retirees enrolled in a US medical plan, and their dependents at **no additional cost**. The Health Pro Connection and your Health Pro are available to help make sense of plan coverage and ensure members are getting the most out of their benefits. In addition, members also have access to a Medical Ally—someone who can help make informed decisions about medical treatments. Please refer employees to Alight when they can benefit from our specialized services outlined below.

Health Pro Connection

- View information about your health plan coverage
- Choose in-network, top-notch medical, dental, and vision professionals
- Compare costs and make informed health care decisions
- Contact your Health Pro and view status of current requests

Health Pro

- Find which lower-cost medications are available
- Set up medical appointments that fit your schedule
- Confirm benefits coverage was properly applied and get help solving billing issues
- Connect you with other benefits offered by your employer

Medical Ally

- Understand any medical condition and all available treatment options
- Get a second opinion
- Understand surgery risks, benefits, preparation, and recovery
- **Earn a \$400 incentive** (if recommended for lower back surgery, hip or knee replacement, weight loss surgery, or hysterectomy; certain requirements apply, not available for retirees)
- Cope with stress and anxiety

It's easy for

employees

to get expert
