Title

How to Refer to My Personal Champion Program - Care Solutions

Summary

How to make a referral to the My Personal Champion (MPC) program for Care Solutions teams.

Details - Internal

My Personal Champion Program

About the Program

- Customers are identified for the My Personal Champion Program services by direct referrals from Clinical/Non-clinical staff and identified through monthly data mining completed by the My Personal Champion team.
- To determine if the program is available for the customer, review the client based on the claim platform:
 - **Facets:** This is a standard service offered to “All Clients.”
 - **Proclaim/PMHS:** No client restrictions
- Supported Services:
 - Multiple denied authorizations
 - Multiple out of network provider claims
 - Multiple denied claims
 - Repeat calls from the customer for the same issue
 - Multiple outstanding claim issues
 - Provider billing issues
 - Coordination (COB) with Third-Party Vendors

Responsibilities of My Personal Champion

Once the customer is accepted into the program, the My Personal Champion:

- Delivers one-on-one attention to the customer during their time of need.
- Provides a single point-of-contact for the customer.
- Answers any questions about the customer's health plan.
- Coordinates with Health Management Clinical Operations (HMCO) for health service/clinical needs to ensure that the customer receives the most appropriate care for their situation.
- If identified while assisting with administrative needs, is able to connect the customer to financial and social work specialists for possible additional services if the customer qualifies.

Issues not supported by My Personal Champion program

- Customer with medical diagnosis but no current medical administrative needs
- Out-of-pocket review - Refer to Supervisor.
- Cigna is the secondary carrier.
- Clinical Issues/Medical necessity review - Refer to the appropriate Case Manager area.
- Irate callers asking for Supervisor
- Requests for a designated Champion as a Single Point of Contact (from Customers, Internal Partners, Clients, Sales, etc.)
- Termination of Eligibility
- Exhaustion of benefits and/or benefits not covered under the plan
- A sole purpose for Social/Financial services only
- Transplant cases (pre and post-transplant) supported by LifeSOURCE - Refer to LifeSOURCE.
- Behavioral Health issues - Refer to Behavioral Health.

Talking with the customer:

Important! Do not tell the customer that they are being referred to the My Personal Champion Program or educate the customer about the program. The Champion team makes the final determination on whether the customer qualifies for the program. Inform the customer that you are outreaching to support resources within Cigna who can provide some assistance with their identified administrative needs.

1. What system is the customer serviced in?

If	Then
ICMS or HealthEview	Refer to the ICMS Comments section of the Service Delivery screen (in the Handshake) to determine if this account is participating in the My Personal Champion Program.
	Go to next step

TruCare	All Facets or check the My Personal Champion Client List in attached File in My Personal Champion Program Client Collection . Go to next step
---------	--

1. Select My Personal Champion from the Other Programs dropdown and complete PreVue to determine if the customer is eligible for the My Personal Champion Program.

If	Then
Customer meets referral criteria	Refer to program Go to next step
Customer does not meet referral criteria	Do not make a referral End Process

1. Refer identified customer to My Personal Champion Program (See [Care Solutions - PreVue Clinical Assessment Overview](#)).

1. Case Manager (CM) user needs to complete the following:

If	CM Will
ICMS	• Create intervention Initiate referral to Customer-Specific Program. • Create an activity Initiate referral to My Personal Champion Program. • Leave the activity assigned to yourself until the customer has been Accepted or Denied for the Program. • Enter the reason for referral in the activity notes. Go to next step
TruCare	• Create care plan intervention “Initiate referral to My Personal Champion Program.” • Edit existing care plan. • Highlight Goal. • Add intervention “Initiate referral to My Personal Champion Program” from actions library. • Leave the intervention open until the customer has been Accepted or Denied for the Program. • Document reason for referral per documentation tool (assessment/note)

	Go to next step
HealthView	Follow the Consult/Refer process selecting the following options: • Select YHF/IPHT Services Within the Team. • Select Consult Only. • Select Other. • Document referral in Guideline. End Process

1. My Personal Champion evaluates each customer referral to determine the appropriate support required.

1. The My Personal Champion replies via email to the referral source with the referral outcome:

- **MPC Referral Accepted.**
 - The goal is My Personal Champion makes an outreach within two business days.
- **MPC Referral Declined**
 - The response may include alternate suggestions to assist the customer with their administrative needs. CM continues to follow.

1. CM enters a note into the applicable UM/CM system with:

- Approved and the My Personal Champion name, **or**
- Denied and not accepted by the My Personal Champion Program.
 - Include any follow-up and actions taken if recommended.

1. Is the customer in Integrated Personal Health Team (IPHT)/Everyday Health Engagement (EHE)?

If		Then
IPHT/EHE	The customer is not engaged in a health advocacy or case management program	The Champion makes an outreach call to the customer to offer administrative support such as proactive claim monitoring, assistance with benefit plan questions, access to community social/financial/legal resources. If clinical concerns are identified, the Champion channels the customer into IPHT/EHE for their clinical/health related needs based on IPHT/EHE “triggers.” • The Champion gains permission from the customer for IPHT/YHF participation and inform them that an IPHT/YEHE Health coach/health advocate will outreach to them to support their clinical needs. • The Champion warm transfers or sends a referral using the Integrated Referral form. If no response, they notify

		the IPHT/EHE lead via email that the customer is in need of a coach to be assigned; permission has been obtained; reason for engagement. • The next step will be collaboration and coordination through a telephone call between the Champion and the Coach/CM to discuss the customer interaction plan that will best support the identified needs. There is an identified turnaround time to meet these needs for responding within 2 business days. IPHT/EHE advocate outreaches to the customer for clinical needs based on the standard protocol. If no clinical concerns are identified; the Champion team continues to interact directly with the customer to manage the administrative needs. Go to next step
	Customer is engaged in a health advocacy or case management program	The Champion team contacts the health coach/health advocate and/or Case Manager who is working with the customer before making an outreach call to discuss support needs and contact strategy; the health advocate's supervisor is cc'd. The contact will be an email notification for an initial awareness on customer identification for the My Personal Champion Program. Next steps are to collaborate and coordinate through a telephone call between the Champion and the Coach/CM to discuss the customer interaction plan that will best support the identified needs. There is an identified turnaround time to meet these needs for responding within 2 business days. Go to next step
	All other programs	The Champion assesses the customer's administrative needs and coordinates support plans with clinical resources, as appropriate, throughout the duration of engagement with the My Personal Champion Program. If the customer is not accepted in the Champion Program, then the issue is referred back to the referral source for appropriate follow-up. The response may include alternate suggestions to assist the customer with their administrative needs. Go to next step

1. Is the customer wanting to speak to their MPC?

1. **Note:** If you receive a caller who states they are already enrolled in the program and they want to speak with their MPC, then the clinical/non-clinical staff contacts Customer Service using the transfer Matrix grid to validate in their system if the customer is enrolled.

If	Then
Yes	Customer Service can transfer the caller to the MCP phone End Process
No	The clinical/non-clinical staff should evaluate the customer's needs based on this standard operating procedure and make a referral if applicable End Process
